

PCN# 2014-0012	DATE: November 20, 2014
SUBJECT: VXP Products End-of-Life Announcement	ECO#:

Products Affected
GF9450C-CBE3 GF9452A-CBE3

Proposed Implementation Date
May 22, 2015 (final date for product purchase)

Change Description
<p>Sigma Designs plans to discontinue production of the above-listed devices in the “VXP” video processor product line (see “Products Affected”, above).</p> <p>Production will officially cease as of May 22, 2015.</p> <p>Customers currently purchasing devices affected by this End-of-Life announcement may submit final orders for product up to May 22, 2015, for delivery not later than November 25, 2015.</p>

Reason For Change
Low and declining shipping volumes of the affected products make continued production uneconomical.

Concerns and Considerations
Due to limited product availability from Sigma suppliers, customers should submit a forecast of product requirements during the last-time buy period, as soon as possible upon receipt of this PCN. Doing so will help ensure that any needed product quantities can be made available. Submit the forecast to your Sigma sales representative or to the issuer of this PCN (listed below).

Phase-In Plan
Notify all customers of May 22, 2015 Last-Time-Buy date.
