Highlights

- Asynchronous functionality allows keypad to operate independently of notebook keypad
- 2 USB ports accommodate two USB peripherals
- Compact size and weight provides easier portability while traveling
- 2 Microsoft Office hot keys give you one-touch access to either Word or Excel programs
- 30-in. USB cord

System Requirements

- Windows 95/98/ME/2000/XP
- USB port

Description

Tripp Lite's Notebook Keypad offers a more convenient compact size and weight, providing easy portability while traveling. The keypad includes a 30-in. USB cord and two USB ports to accommodate two additional USB peripherals. It also includes one touch access to Microsoft Word and Excel through the two hot keys on the front of the keypad. This asynchronous keypad is the perfect accessory to perform mathematical functions. The Keypad works completely independent from anything typed on the laptop keyboard or PC allowing for easy functionality.
