Purpose of Notification:

To inform customer Peregrine will begin to ship Lapis PE64909 wafer fabrication material only.

Technical Summary/Details:

Per the PCN issued on June 16th, 2017, Magnachip closed their 150 mm wafer CMOS fab in South Korea at the end of 2015. To ensure there was no disruption in supply, we have been working to transfer products from Magnachip fab to Lapis fab in Japan. Magnachip and Lapis are both qualified Peregrine fabs.

With the transfer of PE64909 complete and the depletion of Magnachip material, Peregrine will begin to ship Lapis PE64909 wafer fabrication material only.

The ordering codes for the Lapis part number are: PE64909B-Z, EK64909-12.

For more information, please contact PCN@psemi.com

Customer Acknowledgement:

Customer should acknowledge receipt of this notification via email to the Peregrine Account Representative within 30 days of receipt. This is a notification of a minor change only, customer approval is not required.
